

# Participants Wanted for EEG-TMS Research Study

You are invited to participate in a research study that uses EEG and TMS neuromodulation to study auditory processing.

### To be eligible

- Age 18-45
- Right handed
- Native speaker of English
- No history of psychiatric or neurological conditions
- Normal Hearing
- No seizure history
- No metal in your body

## **Participation involves:**

- Questionnaires
- TMS and EEG recording
- 1-4 visits about 1 week apart
- 1.5-2 hrs per visit
- Experiments take place in the UConn Brain Imaging Research Center at Storrs

Participation may also involve an MRI.

## Compensation

- \$12/hr, rounded up to 15 minute increments
- An additional \$12 for attending both sessions
- A picture of your brain, if you receive an MRI.
