

Inclement Weather Policy - Weekdays

- Storrs campus only: If classes are cancelled due to inclement weather, or the campus is closed for **any reason** and you have a study scheduled, you will not be charged for a cancellation.
- If a participant cancels within 24 hours of the scheduled study start time due to inclement weather but the Storrs campus is open and operating normally (i.e., classes are not cancelled), it will be considered a short notice cancellation and will be charged at the full rate. Please see the MRI Cancellation Policy <https://birc.uconn.edu/rates-and-policies/> for more information.

Inclement Weather Policy – Weekends

- A member of BIRC will contact the PI who has a participant scheduled on a Saturday or a Sunday to make them aware of potential impact of inclement weather and suggest they confirm the appointment with the participant at least 24 hours before the scheduled start time.
- BIRC leadership will make a decision regarding BIRC's status by 7:00PM the evening prior to the scheduled appointment. This decision will be based on recommendations from the Governor's office and the State of Connecticut Department of Transportation.
- The PI will be informed if BIRC will be closed, and that person will be responsible for contacting the participant.

Unlike the weekday inclement weather policy, BIRC will not charge an investigator for a short-notice (<24 hours) cancellation due to inclement weather on a weekend if the participant decides to cancel.
